 - The clinical question was clearly defined using a standard PICO (Population, Intervention, Comparison and Outcome) format
 - A comprehensive systematic literature search was carried out
 - An assessment of the risk of bias was made
 - Key findings are clearly described including clinical practice relevance

Authorship

Each quoted author should have contributed substantially to the represented work in terms of conceptual design or analysis writing of article and final approval of the article in order to take public responsibility for the content.

Abstract Guidelines

Size

The size of abstracts not more than 300 words and limited to 3,000 characters (including title, body of abstract, spaces tables and graphics). Every picture / graphic count for 500 characters.

Title

The title should clearly define the topic. Do not identify your institution in the title. There is no maximum length for the title. However, the characters in the title are included in your total character count. The first letter of the title will automatically begin with a capital letter. Do type the abstract and title in small letters, except for abbreviations. Do not type the abstract title in capital letters.

Authors

Type full family name and first name of all authors, only omitting any titles, degrees and institutional affiliations. It is advisable to check the correct spelling of the family name and initials with each author. Please check that for authors from the same institution, the name of institution is written in the exact same way to avoid the creation of extra affiliations, which are in fact identical.

Affiliation

Type the name of the institution, department, city and country in English.

Body of the abstract

The following headings have already been formatted for you and should not be entered in the text fields again:

- Introduction & objectives
- Materials & methods
- Results
- Conclusion

State the objective of the study, describe the material and methods, summarize the results presenting sufficient details to support of the conclusions reached (not acceptable to state: “The results will be discussed”). Use number for numbers and only very well-known abbreviations e.g. kg, MRI etc. If you must use other abbreviations you must explain it the first time it appears. You can use the special keys to insert tables, pictures or specific characters.

Proof reading

Verify that your abstract is correct and read the proof carefully that will be automatically shown after you have inserted all data. Keep a printout for your own records.

Editing

Abstract bodies will be published as submitted, except for a simple English spelling check. After submission deadline there is no possibility to edit the abstract anymore.

Abstract Guidelines

Submission deadline

Deadline for abstract submission is July 1st, 2019 at 2PM local time.

Withdraw abstract(s)

In case you want to withdraw your abstract after submission, please send an email before August 1st, 2019 to 12mcue@pharma-pro.com

Presentation

The scientific committee will decide on the presentation format either oral or poster presentation for each accepted abstract. The decision will be informed by email to each author at the latest by August 1st, 2019.

Submission

Submit your abstract through congress website www.mcue.org or via congress email 12mcue@pharma-pro.com before the deadline.

GUIDE FOR PREPARATION OF A MODERATED POSTER/ ORAL PRESENTATION MODERATED POSTER PRESENTERS ARE REQUIRED TO:

- PREPARE PowerPoints SLIDES WITH A 5 MINUTE PRESENTATION (5 minutes presentation & 2 minutes Question & Answer)
- Authors must submit their PowerPoint slides at least 3 hours prior to the session start time at the Slide Room (Slide room will be open 1 day prior presentation)
- PowerPoints must be ppt/pptx 16:9 format.
- All the presenter will have chance to check their slide using committee laptop/computer prior presentation.

BRING A PRINTED POSTER TO THE SESSION

- Presenters are responsible for the setting up and the removal of their poster
- Poster display will be open 1 day start of the session.
- Posters can remain on display until last day of symposium

PRINTED POSTER GUIDELINES

- Size 90cm width x 120 cm height (high resolution will be preferred)
- Strictly portrait orientation
- Posters should not be elaborate, nor need they be extensive. Supplemental material can be handed out to those viewing your poster.
- Each poster must have a top label indicating the title of the poster, the names of the authors and their affiliations. The size of the characters for the title should be at least 2 cm high.
- Poster text should be large enough to be read from a distance of 1 meter or more. This is possible using a letter size of at least 1 cm.
- Keep illustrative material simple. Charts, drawings and illustrations are usually similar to those used in making slides. Simple use of colour is effective for adding emphasis.
- Simple sections are usually helpful. When feasible, use graphs for demonstrating qualitative relationships, use tables for precise numerical values.
- Do not mail poster presentations in advance, they may not arrive in time; bring them with you to the meeting.
- Poster numbers as well as velcro/double tape for mounting the posters will be provided by the secretariat and will be available on your poster board when you arrive.
